ROCK N POP'S

First Foals are Here!

As reported in the **Weekend @ Waikato**, we had five mares waiting in the foaling paddock on Friday – three of these in-foal to our exciting first season sire **Rock N Pop**.

We are delighted to be able to now present this impressive trio of foals by the **G1** winning son of **Fastnet Rock**.

“They are a similar line-up with good muscle, good bone and correct. He looks to be stamping them,” said Mark.

“Going on her previous foals, the mare needed strength and size and this foal certainly has both and has been stamped very like his father,” said Mark.

"The mare possesses a beautiful pedigree. This is her first foal and would be classed as a really good maiden mare's foal," said Mark.

Rock N Pop filly ex O'Dare (O'Reilly)

"Also a maiden mare's first foal. This foal is out of a young O'Reilly mare, and is a lovely filly for Tom and Sally Lowry, who were involved in racing Rock N Pop himself," said Mark.
