THE POWER OF PROVEN

We are about to head to Karaka with this year's crop of yearlings, that we are again very happy with.

One of the most powerful things about our draft is that every single yearling we have in our Premier draft is by an exceptionally well-proven stallion. It can easily be overlooked just how good these stallions are.

The **4** sires represented in our **Premier** draft are by **O'Reilly**, **Pins**, **Savabeel** and **Fastnet Rock**.

Every one of those stallions has achieved at least **7.3% SW/Rnrs** for their lifetime record to date. At any given time, there is almost always only ever between **5** and **10** proven stallions [sired at least 5 stakes winners] standing at studs throughout Australasia who can claim this record. Given there are usually somewhere between **25** and **30** stallions go to stud each year between New Zealand and Australia, history shows that only about **3%** of stallions who stand at stud will achieve these lofty levels.

If you would like to take a look at our offering this year, who are all by stallions who have achieved this rare level of success, please feel free to come and see us at Karaka – we would love to see you there. If you are also looking at other drafts at Karaka, make sure you do seek out the progeny of **O'Reilly, Pins** and **Savabeel**...they are well-proven to be **3** of the very best stallions available throughout Australasia.

See you at Karaka!

THE MAIL WITH MARK CHITTICK

A massive amount of work that has been two years in the making, will be loaded up and trucked to Karaka this weekend.

This yearling draft is one that we are very proud of, and just as was the case last year, it is one that is 100% characterised by sires that are completely proven at Gr.1 level.

We will be coordinating yearling parades from our office at Karaka [otherwise known as stable F16], so by all means do call in and see Angelique, if you would like one of these.

Look forward to seeing you at Barn F!

M.
