AVONDALE GUINEAS M2 R7 #7 @4.03pm Paying \$10!

Found one paying massive overs! Worked the house down on Tuesday. Will get a dream run from barrier 5. It should be the perfect lead-up to the Derby - where he is paying \$12 on the futures market. Make sure you get a little of that before the start of this race!! Busuttin/Young team are flying.

Happy Punting!

PEDIGREE POINTERS

-WITH GARETY DOWNEY-

LEADER OF THE PACK

The month of January saw **Savabeel** sire four individual stakes winners, and this meant he now holds the leading position on the table of Southern Hemisphere stakes winners for Australasian stallions this season; both in terms of number of stakes winners and also number of stakes wins.

Two of the four stakes winners in January were out of mares carrying **Green Desert**, thus further reinforcing this successful combination. The two horses in question were Kawi, who picked up the **3rd Gr.1** win of his career so far when taking out the **Thorndon Mile**, and **Mabeel**, who so impressively scored his **1st** stakes victory in winning the **Gr.3 Anniversary Handicap** by **4** lengths.

When **Savabeel** has been combined anywhere in a pedigree with **Green Desert** on the opposite side of the pedigree, the results are to date running at **11.4% SW/Rnrs** – and, from just **44** runners, two of these are the **Gr.1** winners **Kawi** and **Pasadena Girl**.

This pedigree pattern looks like one well worth utilising in planning your matings for the 2016 season ahead. If you would like to discuss your mating plans, please do get in touch via either gareth@waikatostud.co.nz or on 021 433 073

THE MAIL

-WITH MARK CHITTICK-

Awesome to see **Garry** recognised for his breed shaping contribution at the **NZ Racing Hall of Fame** last week.

On not so positive news, we unfortunately had to retire our Murray Baker and Andrew Forsman-trained **Gr.2** winning and dual **Gr.1** placed racemare **Sports Illustrated** this week. Having knuckled over after the start of the Gr.1 NRM Sprint, she pulled up with a suspensory injury. Who knows if the Te Rapa track had a bearing on this injury, but it was far from ideal.

On the farm, we are humming through weaning. We've had 70mls of rain this week and the grass is glowing flat out.

As you can see below, there's been alot of action going on at the new farm, with motorscrapers, bulldozers, diggers and fencers all flat out. This new farm is going to be known as **Escada Farm...**
